The Annual Percentage Yield (APY) and Interest Rate are variable, and may change at any time after you open your account at the discretion of Nicolet National Bank. Fees may reduce earnings and APY.

^{*}For Savings Accounts Interest is compounded and credited quarterly.

[^]For Platinum and Real Reward Checking Accounts, Real Saver, Real Cash Back Saver and Money Market accounts Interest is compounded and credited monthly.

We use the daily balance method to calculate the interest earned on your account. The daily balance method applies a daily periodic rate to the account balance each day. The disclosed APY assumes that Interest will remain on deposit. The APY is defined as a percentage rate reflecting the annualized interest paid on an account based upon the indicated frequency of compounding for a 365/366 day period.

*The disclosed APY (Annual Percentage Yield) assumes that Interest will remain on deposit. The APY is defined as a percentage rate reflecting the annualized interest paid on an account based upon the indicated frequency of compounding for a 365/366 day period. Fees for early withdrawals will reduce earnings. CDs are subject to penalty for early withdrawal: 6 months interest if maturity is 24 months or less: 12 months interest if maturity is more than 24 months. Interest is compounded quarterly. Interest is credited to your account quarterly. Interest is calculated using the daily balance method. Interest Rate and APY may change at our discretion.

**The Investor Choice Certificate offers customers an option to increase the rate one time during the term of the certificate. The rate increase will be determined by the current rate of the Investor Choice Certificate. At the time of the increase, additional funds may be added up to the amount of the original deposit, in increments of \$1,000 (limited to initial deposit). Available for consumer deposits only.
